

FY2025 Northwestern Illinois CoC Application Schedule

On Friday, December 19, 2025, HUD released a revised Notice of Funding Opportunity (NOFO) for the FY25 funding cycle. The NOFO can be found on the [Continuum of Care page of HUD's website](#).

HUD is using a 2 track submission process in the revised FY25 CoC NOFO. Normal Track CoC Consolidated Applications have a due date of January 28, 2026; Extended Track applications for new PSH and RRH projects have a due date of February 25, 2026. We hope that more specific information will be provided in HUD's Detailed Instructions; please watch HUD's FY25 CoC Competition website for more information.

HUD will again use a tiered funding process; Tier 1 is limited to 30% of the CoC's Annual Renewal Demand (ARD), or \$221,181. Additionally, no more than 30% of the CoC's ARD can be allocated to renewal PSH and RRH projects. Tier 2, which represents 70% of the CoC's ARD, is \$516,089. HUD will fund Tier 1 projects before allocating funds to Tier 2 projects based off the CoC's score. Projects' rank on the Prioritization List, and therefore into Tiers, will be based on HMIS data as well as community need.

Please note that both PSH *and* RRH projects funded under this NOFO must restrict their eligibility to those with disabilities; see page 22 of the NOFO for more information.

The FY25 Preliminary Pro Rata Need (PPRN) numbers are below. This information is provided by HUD annually as part of the CoC Competition.

PPRN	ARD	Tier One	CoC Bonus	DV Bonus	Planning
\$4,708,678	\$737,270	\$221,181	\$941,736	\$470,868	\$235,434
